

## DURING X WITHIN

**During** is translated to Czech as „během“. It expresses that an activity is running **throughout an entire period** (e.g. summer), or in the course of an event or action.

If we refer to a situation **at the end of a specific or definite period** the word **“within”** is used.

## PAYING THE BILL

**Patrick:** Could I have the bill, please?

**Waiter:** Certainly.

**Meredith:** Thanks again, Patrick. It's been a great evening. Can I at least leave the tip?

**Patrick:** No, it's on me, I insist. There's a discretionary service charge here, so the tip's already included.

**Henry:** Well, why don't you let us at least buy you an after-dinner drink?

**Meredith:** Or coffee? We passed by a nice little espresso bar on the way over here.

**Patrick:** That sounds like an offer I can't refuse. Henry?

**Henry:** Great
