

PREPOSITIONS AT x ON x IN

PREPOSITIONS OF TIME: AT x ON x IN

Have you ever had problems finding the **correct preposition** when talking about **time**? Try to memorize this **pyramid**! The **more specific** the period of time, **the higher** on the pyramid you go!

However, there are exceptions: **in** 5 minutes, **in** the morning, **in** the afternoon, and **at** night. Keep them in mind!

EXPRESSIONS WITH TIME

Time flies, as my grandma says, or in more **contemporary** jargon, time is money. So don't waste your **precious** time and look for business opportunities! When you finally spot **a gap in the market**, you know the time is **ripe** to start a new project. Although competition is tough and you meet generous investors only **once in a blue moon**, it is worth the effort. You know what they say - better late than never!

VOCABULARY BUILDING

contemporary - současný, soudobý
precious - drahocenný
a gap in the market - díra na trhu
ripe - zralý, dozrálý
once in a blue moon - jen zřídka, jednou za uherský rok

QUIZ: TEST YOUR KNOWLEDGE
